

## **Community Resilience Committee Frequently Asked Questions (FAQ)**

### **What is the Community Resilience Committee (CRC)?**

The CRC oversees the implementation of the EPA-funded Home Improvement Program designed to improve homes in disadvantaged areas of Thomasville, GA, with a focus on environmental justice, energy efficiency, and health.

### **Who can serve on the CRC?**

Residents, workers, or individuals affiliated with the target communities who have a passion for equity, housing, or environmental issues. Diverse perspectives are encouraged.

### **What is the time commitment?**

Members meet once per month and may also serve on subcommittees. Each term lasts 2 years.

### **Is this a paid position?**

No, service on the committee is voluntary. However, it is a meaningful way to impact your community.

### **Can program applicants or contractors serve on the CRC?**

No. To prevent conflicts of interest, individuals receiving program assistance or contracts may not serve as voting members.

### **How are decisions made?**

By majority vote during committee meetings. All decisions must follow the CRC's by-laws and policies.

### **How do I apply?**

Submit a completed application form to the Thomasville Community Development Corporation or the Home Improvement Program office. Applications can be submitted in person, on the website at [www.thomasvillecdc.org](http://www.thomasvillecdc.org), or by sending a completed application via email to [resiliency@thomasvillecdc.org](mailto:resiliency@thomasvillecdc.org). Selected applicants may be interviewed.
